Glenda Tomaschik, parks and recreation coordinator, said that registration can be mailed in or brought into the parks and recreation office, 874 Main St. All registrations will be on a first-come, first-served basis.

"AN EXCITING SUMMER program has been planned by me and Cathy Tanner and

the park department hopes you will sign up because there have been many programs added for this summer," Mrs. Tomaschik said. "We have new facilities at Williams Park," she added.

Program registration will officially start the first week of June.

Programs being offered include: four sessions of tennis lessons; six sessions of day camp for children three to five years old and six to 12 years old; two sessions of outdoor sketching; one session of children's cooking; a cheerleading clinic; a basketball clinic; children's dramatics; a baton clinic; an adult conditioning program; and a modern dance session.

Registration information for the Antioch Aqua Center Swim Team is also included in the brochure. Registration is June 9 at the Aqua Center.

LEARN TO SWIM program is also planned for the Aqua Center. Four sessions are planned with various age groups.

Antioch Aqua Center will open on Memorial Day Weekend, May 26-28 and again on the weekend of June 2 and 3 before being open for the remainder of the season. Pool membership registration is also being accepted.

Many special events are being planned for the summer including tennis tournaments, bus trips, family nights, etc.

Community events planned to date include Arts and Crafts Fair on July 8, Maxwell Street Days, August 2-4; Lions Chicken Barbecue, August 5; and Midnight Madness, August 23.

Energy Survey forms are due

by BEVERLY CARY

Project Director Michael Teeley reports there is still time to send in your energy conservation survey form if you have not yet done so.

"We expect the first group of 340 forms to be returned from Springfield in about two weeks, where they are being processed and categorized," Teeley said.

"Upon receipt of the forms we will hold workshops to help people figure out specific ways to save energy in their homes," he explained.

Homeowners interested in learning how to make their houses more energy efficient are urged to complete the survey form and return it as soon as possible.

Monitoring system price tag \$86,000

By BEVERLY CARY
Village Engineer Frank Angellotti gave the committee results of a demonstration on a monitoring system for 10 Village lift stations, the treatment plant, the three elevated water tanks and the five wells. He set the estimated cost at \$86,000.

"If all but the monitoring of the lift stations was eliminated, we would still be \$8,000 over our proposed budget," he explained. Chairman of the Utilities Committee, Edgar Simonsen said, "We need time to study the plan, figure out what we have to have, and go over the cost." Mayor Michael

Haley then put the proposal into committee for discussion and study.

Angellotti also asked for a change order on Well No. 5 in the amount of \$10,806 to provide cabinetry, an electric motor starter, and

automatic switch for the generator. He told the committee "since we've converted to gas heat, the generator for the well house was resized to one size smaller and we will realize a \$4,800 savings."

Village studies water rate hike

One definite project was decided at the Antioch Finance Committee and that is the resurfacing of Longview Dr. at a cost of \$18,000. The resurfacing of Garys Dr. was postponed due to the need for a new sewer system. The entire street will be resurfaced upon completion of the sewer repairs.

Various ways to trim the budget were discussed and also possibilities of increasing the revenue. The question was raised concerning a rate study for sewer and water. This is the first step before a rate increase can be authorized. It was stated that a 20 cent increase would bring an additional \$16,000 in revenue.

On the subject of street repairs, Supt. of Public Works, Walt Shepard said, "There is a need to really look at how we're spending

the money and see if patching is a good investment or just a waste of money."

He added that a street usually needs a complete resurfacing in 10 to 15 years.

Chairman Don Amundsen told the department heads that they need to get as close as possible to the proposed budget figures and keep a check on spending so the money will be there when it is needed.

Police Chief Chuck Miller impressed the committee when he told them he has saved over \$3,000 by obtaining two Ispern radios for the squad cars from the state. Each police car will now have one of these radios which are used for communication between squad cars and are effective within a 20 mile radius.

Variance requested

Tony DiSilvestro, owner of Dolphin Harbor on Grass Lake, is planning to construct a boat storage building on his property.

But because the structure is located on the flood plain, he has obtained a permit from the Army Corps of Engineers and is now seeking a variance of the flood plain regulations of the Lake County zoning ordinance to permit the construction.

Lake County Zoning Board of Appeals has scheduled the hearing for 1:30 p.m., Thursday, May 24, at the Antioch Township Hall, Rte. 173, Antioch.

In January, 1978, DiSilvestro applied to the Army Corps of Engineers for the permit and 10 months later he was granted the permit.

He owns 23 acres off Grass Lake Rd. and he plans to fill 1.4 acres of it to construct a boat storage building.

Grass Lake board shortens school year

by BEVERLY CARY

Bob Mattson was appointed as representative to the Illinois State School Board Assn. and Mary Beth Walsh was selected as the SEDOL (Special Education District of Lake County) representative from the Grass Lake School.

The board approved shortening the school calendar by one day as they were granted an additional "Act of God" day due to bad weather. The last day of school will now be June 5, which will be a short day.

Supt. Richard Hogan explained that the board will meet again on Tuesday, May 22 which will be an adjourned meeting.

Meet the police Miller still shadowed by 'fun loving' past

by BEVERLY CARY

Born in Chicago, but raised in Antioch, Antioch Police Chief Chuck Miller is the youngest child of Walter and Loretta Miller. His father is deceased and his mother now lives in Arizona.

He attended grade school and high school in Antioch, graduating in 1962. "I liked to have a lot of fun in high school, and I'm still trying to live it down," he remarked with a smile.

Upon graduation he applied for a job with the State of Illinois Police Dept., but before he could be hired, he was drafted into the Army. He served two years, one in the States and one in Viet Nam. When he returned home he intended to seek a job with the State Police, but was approached by Antioch Chief of Police Jack Heike, who asked if he would help out as the Police Dept. was short-handed.

At that time the department consisted of four men, one woman and one car.

That was 13 years ago. He started at the bottom and has worked his way to the top. The department now employs 11 men and five women and has a fleet of five cars.

At age 25 he married Carole Pyles, a local girl he had dated for several years. They have a son Ronald, 10, and a daughter Kathy, who recently celebrated her eighth birthday.

Commenting on the fact that policemen have the highest divorce rate of any profession, Miller said it took several years for his family to adjust to the demands of his schedule.

"It's not easy being called out in the early morning hours or having your Easter dinner interrupted," he explained.

His children accept his job as normal and he has never heard them boast to their friends of his position as Chief of Police.

He admits that he enjoys his work. It is exciting and rewarding and can be glamorous

at times. However, it is also trying and sobering. The constant dealing with people who have broken the law, and the handling of tragic accidents all take their toll.

When asked for advice for a young person contemplating a career as a police officer he said, "direct your education toward law. It is an even changing and technical field, involving subjects such as chemistry and psychology and can be very competitive."

He also feels that an impressive physical stature is a definite advantage. Should his

CHUCK MILLER

son show an interest in being an officer, Miller stated that he would encourage him to do so.

"What does this hard working, dedicated man do for relaxation? His favorite sport is duck hunting! He also enjoys all kinds of fishing and weekend camping trips with his family.

"The last thing I thought of was being a police officer," exclaimed our Chief. I got involved in it and now my life rotates around my job."

He is well liked and respected in Antioch and feels he gets no special treatment because of his position. It is very refreshing to find a person with such a fine attitude of service and loyalty to the community.

Keeping your bicycle in running order may be more of a necessity than an option as the price of gasoline goes up and availability threatens to go down.

A College of Lake County class in "Bicycle Main-

Forest District earns honors

The Lake County Museum has received national recognition from the National Assn. of Counties for its progressive developments in the field of Public Service Programs.

NACO recognizes innovation, perseverance, and accomplishment in county governments that demonstrate an improvement in the county's management, structure or services.

THE LAKE COUNTY Museum, administered by the Lake County Forest Preserve District, has adopted the policy of presenting history as a total concept that includes people and places, rather than history

as a series of dates. The public service programs offered during 1978 were in keeping with that philosophy.

Events such as Festival In The Forest, a three-day performing and fine art showcasing of Lake County talent and a "barn-raising" event that included a box social, blue grass concert and square dancing are examples of these programs.

Donald Strenger, president of the Lake County Forest Preserve District, encourages all Lake County residents to participate in future programs and visit the Lake County Museum located in the Lakewood

Forest Preserve east of Wauconda on Rte. 176.

Public hours have been extended to 1 to 4:30 p.m. daily. Admission is 50 cents

for adults, 25 cents for students and senior citizens and Museum Assn. members free. Monday is "no-fee" day for Lake County residents.

'Picnic' is next at PM&L

William Inge's "Picnic" is the next play to be offered in PM&L's remarkably successful Season XVIII. The show will open Saturday night, June 9, with four subsequent performances scheduled for Fridays and Saturdays, June 15, 16, 22, and 23. All five of these presentations will be at the PM&L Theater, 877 Main St. in Antioch, where curtain time is 8:30 p.m.

Centering on a Fourth of July picnic which, curiously,

changed the lives of a number of people, the PM&L production of this play is directed by Tom Hausman.

He has announced a cast composed of an interesting mixture of PM&L veterans and newcomers to the Antioch stage. Pam Guardi, Waukegan plays the role of Madge Owens; Mike Shapiro, Libertyville, is Beano; Anne Marie Cina, McHenry, Flo Owens; Don Britten, Racine, Hal Carter; Dee Baum, Antioch,

Rosemary Sydney; Lillian Allen, Trevor, Helen Potts; Rae Johansson, Fox Lake; Christine Schoenwalder; and Don Beveroth, Paddock Lake, is Howard Bevans.

Newcomers to PM&L in the cast include Ruth Heilgeist and Jeff Bergman, from Twin Lakes; Don Fremling, Silver Lake; Dennis Monzel, Lily Lake; Phil Jaeger, Zion; and Virginia Harrington, Grayslake.

It is time to start making your plans to see the PM&L production of this celebrated Inge play. In a season filled with brilliant successes, "Picnic" is bound to be another PM&L hit.

Remember, 395-3055 is the number to call to make your reservations to see the show, and you should count on being at the theater no later than 8:15 p.m. on the night you plan to be there.

Holtz to speak at FFF Center

The Antioch Fun, Food and Friendship Center is one of seven nutrition centers in Lake County.

Several years ago, through the efforts of the Lake County Council for seniors, the first federal dollars were brought into Lake County to partially fund the meal program.

Catholic Charities agreed to become the operator of this program and to build many other activities around it. The centers welcome everyone 60 years old and over, with spouses of any age.

The Antioch Center, located at 741 Main St., is open from 9 a.m. until 2:30 p.m., Monday, Wednesday and Friday. The Center telephone number is 395-2191. For transportation, call the Chaplaincy service, 24 hours in advance, at 395-5162.

Spring choral concert planned

On May 18 at 7:30 p.m. the Fine Arts Dept. will present its Annual Spring Choral Concert in the auditorium of Antioch High School.

Friday's Concert will be the culmination of a year of hard work, and many honors earned by the choir and its members.

At Christmas the A-Cappella recorded an album of Christmas music. This gave them an opportunity to experience a long recording session, and give them an insight to the work that goes into preparing a record.

On May 8 the choir had a rare experience working with Dr. Karle Erickson of Lawrence University. This was a very rewarding experience.

All of the vocal department will be participating in the program on Friday.

The Concert Choir will be singing three songs, the Freshman Girls Chorus will also be singing several numbers. The A-Cappella Choir will present a program that will be of interest to everyone.

Award students will be featured as soloists: Paul Zeien, Darleen Olsen, Madison Bolt, and Laura Dubek.

Lots of exciting things happening at the Antioch Bowling Lanes.

Dan Sterbanz and Sharon Harrison are busy getting D.J.'s Fitness and Health Spa ready for open house the first weekend in June.

Unfortunately, the open house, is only for the men's equipment, but, don't fret girls, you have only a month to wait.

The health club is really something else. Besides having the latest equipment to get the old body in shape, there is a whirlpool to soothe the aching muscles.

The decor is excellent, the atmosphere is relaxing and I'll meet you in the sauna room.

Glenda Tomaschik, coordinator of the parks and recreation department, would like to remind everyone that the aqua center will be opening Memorial weekend.

And don't forget there will be free swimming on Memorial Day, May 28.

Doris and Sharon, co-owners of The Beauty Stop, are happy to announce their first anniversary. No big celebration is being planned since a new baby is on the way. Congratulations to all three.

Keep the wheels turning to conquer cystic fibrosis... a bike-a-thon is planned for this Saturday, May 19 in the Antioch Savings and Loan parking lot. Be sure to see Laddie Korecek for further details. Ride for a good cause.

Bud Seichowski, from Rittenhouse and Embree, looks great after touring Europe these past weeks.

He said, "the scenery is beautiful, but it's always good to be back home."

More honors planned for Helmut Teichner

Helmut Teichner, noted Wilmet Mountain ski-instructor and retired partner in Glabman-Teichner, Inc., a major sales agency in the furniture fabric industry, will be honored by the Jewish United Fund for his "exemplary commitment to the survival of the Jewish people," at a dinner to be held at 6:30 p.m. Tuesday, May 22 at the Standard Club, 320 S. Plymouth Ct. Chicago. A reception will begin at 5:30 p.m.

Hundreds of people in the furniture and related industries are expected to attend in tribute to Teichner, who narrowly survived a brush with the Gestapo in his native Germany before escaping in 1938, said Stuart A. Applebaum of Douglas Furniture, chairman of JUF's Home and Office Furnishings Division.

Keynote speaker will be Arich Plotkin, a distinguished scholar in international relations and law, who recently returned from a tour of the Middle East.

Funds raised on behalf of the Jewish United Fund-Israel Emergency Fund will support the local and overseas programs of social welfare, rescue, resettlement, educational and medical care supported by the 1979 Jewish United Fund-Israel Emergency Fund, Applebaum said.

plebaum said.

Additional monies also will be sought to help rehabilitate the slum neighborhood of Amishav in Petach Tikvah, Israel. The Chicago Jewish community has pledged to help Amishav as its commitment to Project Renewal, a massive plan to eradicate poverty in 160 Israel communities, Applebaum added.

A committee of nearly 100 leading businessmen in the industry are assisting Applebaum. Among them are Honorary Chairmen Morris Furutorian of Stratford Furniture Co., Harold Trossman of Estee Bedding and Morton Mandle of Maurice Mandle & Co.

Teichner's brush with the Gestapo occurred in August, 1938, when they confiscated his passport just three days before he was due to leave Germany. He escaped a month later when a ticket agent let him take the place of a man who at the last minute cancelled passage. Teichner left on the last boat out before Krystallnacht — the infamous night when Nazis openly killed Jews and destroyed their property. Teichner later learned that his name had been on the list of those to be killed the night of Nov. 10, the same day that he landed in America.

Teichner arrived in the

U.S. with only \$10 and began his career as a stockboy at Sears. He served in supervisory positions with Goldblatt Brothers and at Weaver Sales Co., prior to forming his own firm with Jack Glabman.

He has maintained his family's tradition of philanthropic leadership by his activities as chairman and co-chairman of the JUF Home and Office Furnishings Division for more than 25 years and with other major communal organizations as well. B'nai B'rith, the National Conference of Christians and Jews and the State of Israel Bonds have awarded him high honors for his efforts on their behalf. He used his musical and theatrical abilities to help other refugees, like himself victims of Nazi oppression, establish their own Congregation, Temple Ezra.

Known as the 'Dean' of Midwest Ski Instructors, Teichner is a charter member of the Professional

Illinois to try Wisconsin road plan

In response to several years of urging by State Rep. Donald E. Deuster (R-Mundelein), the Illinois Dept. of Transportation is now going to experiment with the Wisconsin system of maintaining roads.

Deuster, long an advocate of the Wisconsin road system, has been assured that the State of Illinois will try to contract with Illinois counties soon for the cooperative maintenance of state roads as is done in Wisconsin.

On May 23 and 24, Illinois maintenance men will meet with Wisconsin officials to study details of the system. Deuster said he is "highly encouraged by this action, and confident that the efficient Wisconsin road system will work well in Illinois, giving our taxpayers better road services at less cost."

Deuster said he is especially grateful to Lake County Highway Supt. Edward A. C. Streed for his expert counsel and support in

promoting adoption of the Wisconsin road system.

"In Wisconsin," says Deuster, "the counties maintain state roads under a cost reimbursement agreement with the state. Duplication and state political patronage are eliminated, and efficiency is at the maximum in Wisconsin."

Deuster's H.B. 170 authorizes the Illinois Dept. of Transportation to enter into "cooperative contractual

reimbursement agreements with various county highway departments for local maintenance of state highways." Such contracts must be entered into with four or more counties by April 1, 1980.

According to Deuster, the Wisconsin State Legislature retained Harbridge House, a respected Boston, Mass. management consultant firm, to evaluate their highway maintenance system. The Harbridge House report

concluded that the Wisconsin road maintenance system was the most efficient and best in the nation.

Noting that Governor Thompson is studying an increase in the gasoline tax, Deuster stated "Before thought is given to raising our gas tax, I believe economy-minded Illinois taxpayers will insist, as I do, that we explore every possible avenue for improving our Illinois road

system. We must eliminate patronage, inefficiency, and waste from this essential area of state service."

"Most Illinois motorists who travel into Wisconsin are aware of the excellent condition of Wisconsin highways," Deuster stated. "Illinois should move quickly to adopt the demonstrated efficiency and economy of the Wisconsin system for maintaining our roads."

The planning for the Seventh annual Arts, Crafts, and Antiques fair is underway. This event sponsored by the Antioch Chamber of Commerce and Industry has participants coming from Illinois, Wisconsin, Indiana, and New Jersey. Registration is \$12. per 12 foot space. Park Avenue was the scene of two nearly simultaneous home accidents on Sunday afternoon. Robert Cary of 265 Park had the misfortune to fall from a step ladder onto the basement steps, but escaped with only a badly bruised leg.

Bernie Stadick of 296 Park suffered a severely cut arm in a mishap with a power saw. The Rescue Squad responded and took him to Victory Memorial Hospital where he expects to remain a patient for one week. We all wish them both a speedy recovery.

Without batting an eye, I asked him if he knew what it was. He said, "Yes, but it's not that interesting!" I thought I would leave it at that and quit while he was ahead!

Bike-A-Thon Saturday for Cystic Fibrosis

Antioch area youngsters are invited to participate in the Cystic Fibrosis Bike-A-Thon at Antioch Savings And Loan Saturday, May 19 at 10 a.m.

Participation in the Cystic Fibrosis Bike-A-Thon is open to anyone wishing to help children and young adults who suffer with cystic fibrosis and other lung-damaging diseases like chronic bronchitis, bronchiectasis and severe asthma.

Laddie A. Korecek, Jr., chairperson of the Bike-A-Thon, explains, "When you ride your bike on May 19, you'll be doing what a lot of youngsters with CF and other lung diseases wish they could do. There are so many youngsters in this country who can't ride a bike

because their health won't let them. And they need our help for research to find a cure for cystic fibrosis, and for medical care that helps them live longer."

According to Korecek, pre-registration begins at 9 a.m. at 425 Lake St.

On hand for the day's activities will be Mayor Mike Haley and Antioch Chief of Police Chuck Miller. Refreshments will be furnished by McDonalds of Antioch.

To enter the Bike-A-Thon, residents of Antioch should obtain "sponsor sheets" at Antioch Savings And Loan, McDonald's of Antioch or any of the Antioch schools.

After obtaining sponsors among friends, relatives and neighbors, participants will ride their bikes for "per

mile" pledges. After the Bike-A-Thon, pledges will be collected based on the number of miles each participant rode for the Cystic Fibrosis Foundation.

"Even if you can't participate in the event, you can help lung-damaged children by sponsoring the wonderful kids who are giving their time and energy to help less fortunate youngsters," says Korecek.

"We hope everyone in Antioch will give their support to the research, care and education programs that are giving the breath of life to lung-damaged children in this country."

For more information on the Cystic Fibrosis Bike-A-Thon, contact Laddie A. Korecek Jr. at Antioch Savings And Loan, 395-3030.

FFF Seniors get Medicare review

The Antioch Fun, Food, and Friendship Center turned serious for awhile. Phil Schaub, of Antioch Savings and Loan, and Tim Osmond, a local independent insurance agent, talked to the senior citizens about Medicare-supplemental medical insurance.

They discussed what Medicare covers and what it doesn't cover. They then discussed the specialized form of insurance that pays part of what Medicare doesn't cover. Schaub emphasized the care that must be used in purchasing such coverage.

He said, "Some people are paying for insurance they can't collect on. Tim and I want to see that this insurance is bought carefully and not because of some salesman's pressure tactics."

Schaub and Osmond will be doing similar seminars at other Fun, Food, and Friendship Centers in the area. Schaub may also do seminars on other topics at the Antioch Center.

Roebuck ends Shearer's string

Hometown driver Ron Shearer made it three in a row as he won the 25-lap late model feature Saturday at Waukegan Speedway. Shearer swept both mains last weekend. Dave Vetter won his first hobby stock feature.

Shearer, who also won the trophy dash and a heat but missed a clean sweep by

qualifying third, took the lead from fastest qualifier Larry Roebuck on lap 14. Roebuck took over top spot on lap eight following a caution period when early leader Dan Daniels hit the wall.

THE RACE WAS interrupted once more on lap 23 when Roebuck and Danny Brown tangled while battling

for second. Shearer led the way with Frank Dowell, Brown, Roebuck and heat winner Jim Kanneberg rounding out the top five.

Vetter took the lead on lap three from Richard Tasker and he then survived two caution periods for the victory. The first yellow came on lap five when trophy dash winner Dave Hanna put his Pinto station wagon up and completely over in turn three. Hanna was uninjured. This marked the second night in a row that a hobby stock had rolled over.

The second yellow came out when Bill Lanners, Mark Hill and Tommy Moore got

together coming out of turn four on lap eight. Hill and Moore were forced out of the competition.

Following Vetter were Mac McKunkin, Duff Rossman and Tasker.

Heat wins went to Lanners, Hill and Dan Rossmann with Jim Packard bringing home his first checkered flag in the consy.

Larry Roebuck ended Ron Shearer's win streak at three in late model features as the Gurnee driver won the 25-lap event Sunday at Waukegan. Dan Vetter won his second hobby stock feature of the year.

THE LATE MODEL main was interrupted twice by caution periods. The first came on lap 19 when Shearer and fastest qualifier Frank Dowell tangled in turn two while battling for runner-up spot. The yellow came out again on lap 23 when heat winner Danny Brown and C.J. Lindholm tangled while battling for the lead. The accidents resulted in all of the cars but Lindholm's forced out of action.

Brown had led up to the accident. Lindholm led one lap and following the restart Roebuck took over. The rookie was followed by defending champion Don

Collins, Ed Shubert, Lindholm and Jim Bowans.

Roebuck also won the dash and a heat.

Vetter took the lead with four laps remaining in the hobby main. Bill Lanners, Mac McKunkin and heat winner George Flament rounded out the top four.

Mike Frost was a double winner as he won the trophy dash and a heat. Vetter also won a heat.

Len Nowosel ended the domination of Mustangs in Beat Your Neighbor competition as the Northbrook driver won in a Camaro. Mustangs had won the first two nights.

Tracksters seek state Championship

The Illinois High School Association boys Class AA state track tournament gets under way this weekend with District competition. All of the area teams will be competing Saturday in the North Chicago District held on the all-weather surface in Hawk Stadium.

The Warhawks are a high favorite following their victory in the Lake County Meet held at the same site May 5. The meet had many of the same teams competing.

The teams entered include: Antioch, Deerfield, Fox Lake (Grant), Grayslake, Warren (Gur-

nee), Highland Park, Lake Forest, Lake Zurich, Libertyville, Carmel (Mundelein), Mundelein, North Chicago, Stevenson (Prairie View), Round Lake, Wauconda, Waukegan East and West, and Zion-Benton.

Those teams and individuals which meet the qualifying marks for the state finals will advance to the championships on May 25-26 at Eastern Illinois University in Charleston.

Sequoit Diamondmen begin tourney play

The Antioch High School baseball team began its bid for the Illinois High School Association state tournament crown on Tuesday, May 15 against Warren (Gurnee) in the North Chicago Regional.

Results were unavailable at press time, but should the Sequoits have been victorious, they will play tonight against Grant (Fox Lake). The quarter-finals will be on Saturday with the

finals on Monday.

In other tournament action at North Chicago, Waukegan West takes on the winner of Carmel (Mundelein) and the host Warhawks; Libertyville meets the winner of a battle of two Northwest Suburban teams, Grayslake and Round Lake; and Mundelein goes against the survivor of Waukegan East and Zion-Benton.

Wauconda, the only area team playing in another

regional, travels to Elgin to play tonight against the winner of the Irving Crown (Carpentersville) and Crystal Lake South game.

The winners of both regionals advance to sectional competition along with Regional Champions from McHenry and Prospect (Mt. Prospect) at Dundee (Carpentersville) May 26-28. The state finals will be in Peoria on June 7-8.

Any sophomore football players unable to attend this meeting should be sure to see Mr. Baba in the boys physical education office or Mr. Scott in the science area.

THIRD PLACE — Antioch's Mike Tomany took third spot in pole vaulting competition at the Northwest Suburban Conference track meet which the Sequoits hosted Saturday. Tomany vaulted 11'6" compared to the winning vault by his teammate Tom Parpan who had a 12'6".

New winners at Wilmot

Jim Moulis, Johnsbury and Jerry Heywood, Antioch won feature races at the Kenosha County Speedway in Wilmot, Wis. Saturday night.

Moulis roared into the lead of the 25-lap super-modified stock car feature when leader Rick Schmidt lost control of his car when a tire went flat. Schmidt's car struck the rail protecting the infield officials stand but there were no injuries.

It was the fourth time Moulis has won a feature at Wilmot since 1973. Saturday night he also won a 10 lap heat race. He had battled for the lead with Schmidt thru two yellow flag restarts.

Darrell Dodd was involved in a near flipping accident as

he was up to fourth in the feature race pack and had to leave the race with a broken steering rod. Dodd had swept the action on the two previous nights this season and won a heat race Saturday night.

Joe Kristan nearly got around Moulis near the end of the feature but problems dropped him to 6th. Rounding out the top five were Champion Bob Robel, Gary Dye, fast time qualifier John Tierney and Bill Kojis.

Bill Shaffer won the 15 lap semi-feature and the remaining 10 lap heat.

Jerry Heywood's win in the 20 lap late model sportsman feature race was his first at Wilmot and it was his first appearance of the

season. He took the lead from Duke Norton who had won the two previous features for this class. Duke Norton finished second.

Jim Zwirgzdas set fast time and won a 10 lap heat

race but left the feature race field with mechanical problems. Sid Norton won the other heat race and was 4th in the feature.

Tom Banfield set fast time and won the 15 lap spectator stock car feature.

Antich second in NWSC tennis

Going into the Northwest Suburban Conference meet, Stevenson had 14 points to Antioch's 12. After the first day of competition, Antioch led 19-16.

Antioch qualified everyone for the finals except Roger Korjenik who won his first round but lost his second.

In the finals, Tom Mehlhorn lost to Chuck Lungren of Wauconda at second singles 4-6, 6-3, 3-6.

Unseeded Boro Reljic lost to Grant's Tom Jilly 0-6, 0-6.

First doubles team of Dan Rezin and Stu Short lost to

Stevenson 6-7, 2-6. Second doubles team of Gary Manual and Jim Nikolai also lost to Stevenson 5-7, 4-6.

It was the fourth straight year that Antioch has placed second behind Stevenson.

In other meets last week, Antioch lost to Lake Forest but bounced back to shutout both Grayslake and North Chicago 5-0.

This week the Sequoits face Carmel and Waukegan West in preparation for the district tournament at Barrington.

Two weeks ago, we talked about add-on interest. Last week, we talked about simple interest. This week, we'll talk about the last common way of figuring interest, discount. Add-on interest is figured at the start of the loan. Simple interest is figured as each payment comes due. Discount interest is figured at the start of the loan. Unlike add-on, it is taken away from the principal, not added to it. When you borrow at add-on interest, your lenders figure you owe the principal balance borrowed plus the add-on interest. When you borrow at discount interest, they figure you owe the entire amount borrowed, but they "discount" the interest before they give you the money. They don't give you all that you borrowed. They keep part of it but make you pay back all of it. The part they keep is the discount interest. For example, if you borrowed \$10,000 at 8 per cent discount interest, you would actually receive \$9,200. You would pay back \$10,000. The \$800 difference is the discount interest (8 per cent of \$10,000). To net \$10,000 cash in hand at 8 per cent discount, you would have to borrow \$10,869.57.

Discount interest has always been used primarily in business loans, not personal ones. It is not nearly as popular today as it was years ago. It gradually lost favor to add-on interest. The new truth in lending regulations made things so difficult, they finished discount lending for good. Today, very few, if any, banks or savings & loans use discount interest in their lending.

Today, you and I will see discount interest pretty much only when we lend money to businesses or governments. We do that whenever we buy bonds. Bonds are still figured on a discount basis. U.S. Savings Bonds, for example; you buy a \$25.00 bond for \$18.75. You redeem it for \$25.00. That's discount interest. If you hold the bond past its maturity date, it will keep earning interest. That's simple interest.

Perhaps the most confusing part of talking about interest is the fact that the various ways of figuring interest are not at all the same. 9 per cent add-on interest is not the same as 9 per cent simple interest. Neither of them is the same as 9 per cent discount interest. The Congress, in their infinite wisdom, have given us a way to easily compare rates. They simply forgot to see to it that the method was explained to the American public. The method they introduced is Annual Percentage Rate (APR). Today, anytime you get a loan, the lender has to tell you the APR somewhere in all the paperwork. In next week's column we'll discuss how APR works and how you can use it to know what your interest rate really is.

ASTHMA

[Editor's Note: This column by pharmacist Don Mendrala of Antioch Drugs is intended to be informative only and is not to be construed as medical advice.]

By Don Mendrala

Today there are approximately 9 million persons in this country affected with asthma. There are a large assortment of drugs available for the treatment of asthma. Actually all of the drugs available can be divided into a few basic groups. None of these drugs can cure asthma, but they do relieve it's symptoms.

Your doctor may have already prescribed a drug to treat asthma and explained it's purpose to you and explained how it is to be used. But you are probably also aware that some of the drugs used in the treatment of asthma can be bought over the counter without a prescription. Despite the ease with which they can be obtained, these should not be used without first obtaining your doctor's advice. Used improperly, these drugs can be very dangerous.

Bronchodilators

Bronchodilators relax the muscles surrounding the bronchioles permitting a free exchange of air. One of the most commonly prescribed bronchodilators for relieving asthmatic attacks is theophylline, a bronchial smooth muscle relaxant. Theophylline is available under several different brand names.

Other bronchodilating drugs include: isoproterenol, epinephrine, ephedrine, phenylephrine, and isoetharine (Bronkosol, Bronkometer), Metaproterenol (Alupent, Metaprey), and Terbutaline (Brethine, Bricamyr) are broken down by the body more slowly so they don't need to be taken as often. The side effects of these drugs can vary but in general they may cause nervousness and palpitations; or a "racing" heartbeat.

Steroids

Steroids, such as prednisone are related to the adrenal hormone cortisone. They are very effective drugs against asthma, but should be used only as a last resort, when all other drugs fail or when the attack is so severe that hospitalization is required.

Long term use of steroids risks serious side effects, including changes in body shape, stunting of growth, and suppression of normal adrenal function. It must be emphasized however, that these effects take time to develop. Steroid treatment for only a few days during an acute flareup rarely causes problems and can help the patient.

Cromolyn

This drug appears to decrease the sensitivity of the lung to many of the triggers of asthma. Cromolyn can be used only to prevent an attack, it has no effect once wheezing starts. The drug is relatively expensive and is inhaled into the lungs several times a day.

Chaplaincy Service honors 165 dedicated volunteers

"Service to Those Who Serve" was the theme of a Chaplaincy Service Brunch held at the Gurnee Community Church. Some 165 volunteers representing approximately one-third of the total number of volunteers at work for The Chaplaincy Service, Inc. accepted an invitation to a free brunch cooked and served by The Chaplaincy Service staff.

"Preparation of a brunch is little enough to do for those who work so sacrificially in the interest of others," stated Dr. William Wilcox, executive chaplain of The Chaplaincy Service. "We are proud of the way human caring is multiplied by the services of volunteers. In the Chain-of-Lakes area alone, a

program of senior services has its value and effectiveness literally doubled by what volunteers are able to do," Rev. Wilcox noted.

Besides joining together for good food and conversation, the volunteers were treated to music by The Chaplaincy Service Children's Choir directed by Lami Zinn, Waukegan, singing "100 Per Cent Chance of Rain," a musical that tells the story of Noah and the Ark. The idea of sharing resources was further demonstrated by a gift of carnations to each volunteer supplied by Dick Hautzinger of Floral Acres, Antioch. Table decorations were provided by residents of Winchester

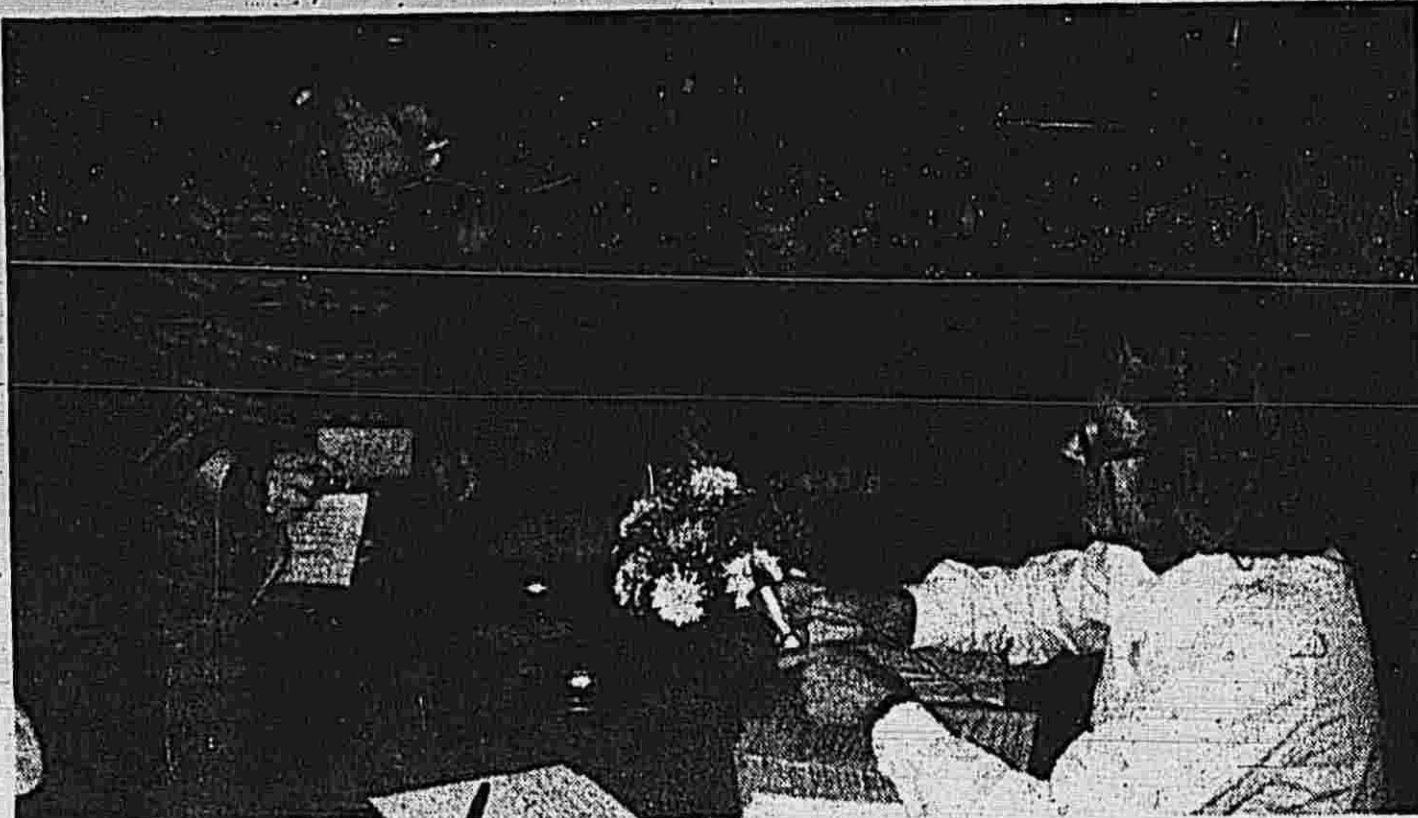

House through the activity department.

The Chaplaincy Service, Inc. is a non-profit Illinois Corporation organized in 1963 to offer a non-sectarian, ecumenical, religious ministry to persons in need in Lake County.

The Service seeks to minister to the spiritual and emotional needs of institutionalized persons who are not otherwise being served. It also seeks to assist persons

in avoiding institutional confinement through programs that permit individuals to remain longer in their own home.

Through such volunteers as were honored at The Chaplaincy Service Brunch, people in need are served through Meals-With-Wheels, the Chain-of-Lakes Senior Services and the ministry of chaplains to the Waukegan Development Center, Winchester House and the Lake County Jail.

Cleanup week ends, eye fall changes

Cleanup Week has come and gone in Antioch, but Public Works Supt. Walter Shepard suggested to the public works committee Monday night that some changes be made for the fall Cleanup Week.

He said public works crews had more than one load in front of some homes and in some cases once a street was cleaned, more junk was put out on the curb.

MAYOR MICHAEL Haley agreed that some changes should be made in the future and urged Shepard and the committee to plan ahead for the fall cleanup.

In other public works committee business Shepard reported the efforts being made to purchase a used backhoe.

He reported on a trip made to Stockton to view and test a used backhoe. Haley suggested that Shepard pursue the auction route for the purchase, pointing out that an auction will be held soon in the Milwaukee area.

Shepard has prepared a manpower report for the fiscal year for the public works department. It shows an increase of manpower in

some areas because of the huge snow removal tasks this past winter.

IN POLICE committee business Monday night, the committee approved the donation of \$250 to the Lake-McHenry County Law Enforcement Commission, at the suggestion of Police Chief Chuck Miller.

Committee members agreed \$150 would come from the police department budget and \$100 from the fire department budget.

Miller said the commission has helped the village in the 911 telephone emergency system, grant money for a new radio network for northwest Lake County and grant money for a safe driving course for emergency vehicle drivers.

Miller reported that Plm. Robert Lang has ended a two-week course for juvenile offenders. The fee for the cost was shared by the Antioch Lions Club, the Antioch Rotary Club and the Antioch Jaycees.

Fire Chief Tod Mapletorpe reported that a list of six to eight fire department recruits is being prepared for them to attend the Fire College in Champaign in June.
